EMIGRATION.

Simla, the 2nd August 1916.

No. 6687.

RESOLUTION.—The following letter received from the Government of the East Africa Protectorate is published for general information :—

P.S. No. S.-99-30.

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE,
June 27, 1916.

SIR,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 5 (a)* might be permitted to enter the Protectorate on payment of a deposit according to nationality †. In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is in itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before landing, and if this section is read together with section 3 (1) of the amending Ordinance of 1910 it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1916 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,
SIR,
Your most obedient servant,

C. C. BOWRING,
Chief Secretary to the Government.

Local Governments and Administrations are requested to make the intimation contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 20 or to comply with the demand for the requisite security in lieu of the deposit.

* The section prohibits the immigration of any person without visible means of support or any person who is likely to become a pauper or a public charge.

† The deposit required from a native of India is Rs. 20.

Simla, the 3rd September 1914

No. 2769–2774–24.

RESOLUTION.—The following procedure has been arranged by the Government of India in discussion with the Government of the Union of South Africa to facilitate the admission into the Union of the wives and minor children of Indians resident in that country.

2. The husband or father resident in South Africa who desires to obtain a certificate of relationship from a magistrate in India to facilitate the admission into the Union of South Africa of his wife or children under the age of sixteen years will, in the first instance, make application in the prescribed form to the immigration authorities in South Africa or to the magistrate of the district in South Africa to which he is residing and on obtaining from the proper officer in South Africa a certificate in respect of his application will transmit the same to his wife or child, as the case may be, for production with his application for a certificate of relationship before the principal local magistrate in India, viz., the Chief Presidency Magistrate in a Presidency town, the Political officer in a Native State, or the District Magistrate elsewhere.

3. The principal local magistrate in India on receipt of such application and on production before him of the certificate issued in South Africa will institute an enquiry either personally or through an officer not below the rank of a Deputy Tahsildar, a Sub-Deputy Collector of a Mamlatdar according to the province concerned, and if the senior magistrate is satisfied as to the alleged relationship, he will grant a certificate of relationship in the attached form in favour of the person (or persons) referred to in the application who will present it to the Immigration officer at the port of entry in support of ——— claim to admission into the Union.

HOME DEPARTMENT

POLITICAL.

Delhi, the 19th December 1914.

Nos. 2951—2964

RESOLUTION.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No 2331-2642, dated the 8th December 1899, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability is not sufficient to ensure that a passport will be granted.

2. Father's name and caste_____

3. Residence_____

4. Age of applicant_____

5. Nationality of applicant *_____

6. Social or pecuniary status of father (or guardian)_____

7. Date of probable departure of applicant from India_____

8. Object of applicant's visit to England (Europe)_____

Signature of District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, or head of school or college †

*Dated*_____

* *I.e.*, whether a British subject by birth or by naturalization (or a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

NOTE.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

EXTENSION OF LEAVE.

Fort St. George, December 29, 1917.

No. 1.—Mr. T. C. Hodges has been granted by the Secretary of State for India extension of leave for six months on medical certificate

APPOINTMENT.

Fort St. George, December 21, 1917.

No. 2.—Miss Alice Sargeant, to be Inspectress of Girls' Schools, Northern Circle, with effect from the date of her taking charge.

NOTIFICATIONS.

Fort St. George, December 22, 1917.

No. 144.—In order to further the development of indigenous industries, the Government of India have instituted, with the sanction of the Secretary of State, a scheme of technical scholarships to provide natives of India, who are capable of taking advantage of it, with the means of studying the progress which has been made in industries and arts in the most advanced countries of the west. The scheme provides for the award of ten scholarships, and at least one of these will be available annually for each province.

Ordinarily the period for which these scholarships may be held is two years, but in special cases it may be increased to three years or reduced below two years. The value of the scholarships has

been fixed at £150 sterling a year, exclusive of fees and travelling expenses, but if in any particular case this amount is found insufficient, the Government will be prepared on good grounds to consider its enhancement. The scholarships are tenable in Great Britain and, with the approval of the Secretary of State, in a foreign country.

2. The scholarships are awarded for the promotion of existing Indian industries and the development of new industries. They are not intended for the study of agriculture or for studying civil engineering, geology, law, medicine forestry, or veterinary science, for which provision already exists in India, but may be awarded for the study of electrical or mechanical engineering. Since the institution of these scholarships, eleven scholarships have been allotted to Madras—one was given in 1906 for the study of the weaving industry, one in 1907 for the study of the leather industry, one in 1908 for the study of textile chemistry as applied to the dyeing, bleaching, finishing and printing of textile fabrics, one in 1913 for the study of the chemistry of soap-making and the use of native oils, one in 1910 for the study of metallurgy, two during 1911, one for the study of weaving and one for the study of textile manufacture, one in 1912 for the study of electrical engineering, one in 1913 for the study of the leather goods industry, one in 1914 for the study of sizing and weaving, and one in 1918 for higher electrical engineering.

3. A State technical scholarship will be awarded in this Presidency during the year 1919 for the study of one of the subjects referred to above. Candidates desirous of prosecuting their study under this scheme should submit their applications to the Director of Public Instruction so as to reach him on or before the 15th March 1919.

Applications will be considered only from persons who have already interested themselves practically in some industry and who are desirous of improving their knowledge of that industry by further training in Europe. Other things being equal, preference will be given to graduates. Applicants should specify in their applications

(1) their age and educational qualifications,
(2) the industry which they propose to study,
(3) their connection with the industry,
(4) the extent of their practical experience in it, and
(5) the proof, if any, of their mechanical aptitude or industrial bent of mind.

4. The holder of the scholarship will not be bound by any engagement to serve the Government on the completion of his course nor will the Government be bound to employ him. He must generally depend upon his own exertions to make his living on his return to India and must not ordinarily expect to be taken into Government service. In selecting candidates the Governor in Council will be guided by considerations of capacity, character and practical interest in the subject selected and the assurance that the candidate will continue to devote himself to that industry on his return to India. No age limit is laid down for scholars. The course of study to be followed, as well as the place in which it is to be prosecuted, will be settled by the Secretary of State when a scholar arrives in England. Other conditions under which the scholarships are held are—

(1) that the candidate is a native of India as defined in section 6 of the Government of India Act, 1915, viz., "a person born and domiciled within the dominions of His Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only";
(2) that he has the consent of his family (i.e., of his father or guardian) to proceed to Europe or America;
(3) that his character is good;
(4) that he has sufficient knowledge of the English language; and
(5) that he is physically fit to undergo the course of life and study that he will have to follow.

5. Selected scholars should in the first instance communicate with the Madras Students' Advisory Committee in order that they may obtain advice regarding certificates, etc., and they should, when proceeding to England, take with them the originals of their certificates, testimonials and other important personal documents suggested to them by the Secretary to the Madras Students' Advisory Committee.

6. State scholars are required to proceed to England within a reasonable time from the date of their selection so as to arrive there not later than the middle of September, and to reside there for the period of their scholarship unless compelled to return sooner in consequence of ill-health. The scholarship will be payable from the date on which the scholars report their arrival in England. Selected scholars will be provided with a second class passage to England and also with a second-class return passage if they carry out the instructions of the Secretary of State and complete the full period of residence or are compelled by sickness to return within that period.

7. The following rules have been issued by the Government of India for the guidance of Indian Government scholars in the United Kingdom:—

(1) All Government scholars are required to avail themselves of the information and advice which the Educational Adviser to the Secretary of State for India and the Local Advisers* at University centres are in a position to give them, and to apply to their Local Adviser* for instructions as regards their studies and in any circumstances of difficulty. The Local Advisers* at Oxford, Cambridge, Manchester, Edinburgh and Glasgow have charge of Government scholars studying at those Universities. Scholars studying elsewhere will be under the charge of the Educational Adviser in London. The Adviser is the proper person to bring before the Educational Adviser to the Secretary of State for India any matter requiring the sanction of the Secretary of State in Council.

(2) Every scholar should on reaching England at once report himself to the Educational Adviser in London at 21 Cromwell Road, S.W. Accommodation for new arrivals is provided in that house. After seeing the Educational Adviser in London, and consulting with him in regard to his course of study, he should also call on the Educational Adviser to the Secretary of State for India at the India Office.

(3) Every scholar must obey all instructions which he may receive, either through the Educational Adviser to the Secretary of State for India or through his Local Adviser*, and must consult his Local Adviser* regularly in regard to his work. No course of study will be sanctioned

* The Secretary to the Delegacy for Oriental Studies at Oxford and the Secretary to the Inter-collegiate Committee at Cambridge are the Local Advisers at Oxford and Cambridge respectively.

which does not provide for an adequate practical training. Any course which has received the sanction of the Secretary of State will not be changed without similar sanction.

(4) Every scholar must, from time to time, whenever the Local Adviser * requires it, submit a certificate from the proper College or University authority, or from any other authority under whom he is working, showing that his conduct and progress have been satisfactory.

(5) Every scholar must give a written undertaking that he will devote himself exclusively during the tenure of his scholarship to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

(6) Every scholar will be required to keep a concise diary, to be submitted at the end of each term to his Local Adviser *, and to be forwarded through the Local Adviser * at the end of each academic year to the Secretary of State for transmission to India.

(7) Scholars will be expected to continue their studies during vacations with the exception of three weeks in each year. Vacation study should, as far as possible, take form of practical work.

(8) Plans for vacation work, accompanied by a complete estimate of any extra expenses for fees or travelling involved, should be sent in to the Local Adviser * six weeks before the end of any academic term. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the Continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

(9) Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the India Office to the Local Adviser * under whose charge he is. It will begin from the date of the scholar's reporting his arrival in England, and the Local Adviser * will disburse it to the scholar in such instalments as convenience may indicate. Three months after the date of reporting arrival, the amount to the ensuing official quarter day † will be paid to the Local Adviser,* and subsequent payments will be made in advance on or after each official quarter day. The allowance will, except in special cases, be at the rate of 150*l* a year.

(10) Every scholar is required to lodge with the Educational Adviser to the Secretary of State for India at the India Office, London, before his arrival in England, the sum of 15*l* for initial expenses. He will have no claim to payment of any instalment of his scholarship until this deposit has been made.

(11) Charges for University and college fees, premiums for practical training, and the necessary expenses of scholars by second class, or by third class if no second be available, will, if sanctioned, be defrayed by the Secretary of State. Applications for payment of all these charges should be made through the Local Adviser.* But charges for private tuition, unless specially sanctioned, for books, instruments, hotel bills and medical attendance must be paid by the scholar himself.

(12) No claim can be admitted for the payment of any expenditure unless the scholar has obtained previous sanction from the Secretary of State.

(13) The scholarship is granted in the first instance for two years, unless the Secretary of State in the exercise of his discretion sees reason to terminate it sooner. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to comply with the rules here set forth. It may be terminated at any time if a scholar fails in health or conduct. It may also be extended for a third year or longer, if the Secretary of State decides that such an extension is required to complete the scholar's training.

(14) On the expiration of the scholarship a scholar is provided by the India Office with a free second-class passage to India, and he should apply for it without delay through his Local Adviser.* He is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

* The Secretary to the Delegacy for Oriental Studies at Oxford and the Secretary to the Inter-collegiate Committee at Cambridge are the Local Advisers at Oxford and Cambridge respectively.

225. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Thursday, the 6th December 1917.

226. Read again Port Trust Board Resolution No. 120, dated the 16th August 1917, and the papers leading up to it, commencing with the Chairman's letter to Government No. G. 1515, dated the 21st November 1916. Read also Government Memorandum, Public (Marine) Department, No. 1638/16-4, dated 8th December 1917, proposing certain terms for the partition, as between Government and the Trust, of the cost of an amalgamated Harbour and Marine Police.

Resolved that the proposals of Government made in its Memorandum read above, dated the 8th December 1917, be accepted.

227. Read letter from Government, Local and Municipal Department, No. 6491–1 M., dated the 18th October 1917, directing the Trust to take steps to fill up certain excavations in the accretion south of the harbour, outside its own boundary line, from which sand had been taken, with the result that mosquito-breeding ponds had formed.

Read a report and an estimate prepared by the Trust's Chief Engineer amounting to Rs. 2,900 for filling up the hollows in question so far as the Trust is responsible for them, as well as a letter by the Chairman to Government, No. G. 1668, dated the 29th December 1917.

Resolved that the letter to Government be adopted and the estimate sanctioned debitable to Revenue, Maintenance, "VI. Roads and yards."

228. Read G.O. No. 440, Public (Marine), dated the 1st November 1917, on the subject of a draft Bill further to amend the Madras Port Trust Act of 1905.

Read also the Chairman's letter to Government, No. G. 1588, dated the 7th December 1917, suggesting that, if it is not too late, a further amendment of the Act might be considered by Government having for its object the limitation to six months of the time within which claims for refunds of overcharges may be presented to the Trust. Read also Government Memorandum in reply No. 1679–2, dated the 15th December 1917.

Resolved that Government be asked to give effect to the amendment proposed in paragraph 4 of the Traffic note which went up with the Chairman's letter just quoted.

Resolved to sanction the revised by-laws under section 95 and to submit them to Government for approval and publication under section 96 of the Madras Port Trust Act.

230. Read Port Trust Board Resolutions Nos. 190, dated the 8th November and 217, dated the 6th December 1917. Also read again the Chairman's letter to the Chief Inspector of Explosives No. G. 1607, dated the 11th December 1917.

Read a letter from Messrs. Shaw, Wallace & Co., Agents, Burma Oil Company, No. 12490, dated the 18th December 1917, applying for permission to land general cargo while oil is being pumped ashore from a tanker expected in the harbour about the 10th of January.

Resolved that sanction be granted, under the same precautions as were adopted in the case of the "Salmbadji" and the "Hardipool," as a special case, pending receipt of a reply to the above quoted letter to the Chief Inspector of Explosives.

231. Read a note by the Traffic Manager, supported by the Chairman recommending, for reasons given a remission of transit dues to the extent of Rs. 537, levied on certain bags of damaged sugar while enquiries were being made as to their fitness for consumption.

Resolved, subject to sanction of Government, to grant the remission, on the ground that neither the consignee nor the Trust were responsible for the delay.
